NOTICE OF ANNUAL GENERAL MEETING

Notes:

1. A member entitled to attend and vote at the Annual General Meeting is entitled to appoint one or more proxies **(but not more than two)** to attend and vote instead of him. A proxy may but need not be a member of the Company and the provisions of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company. Where a member appoints two (2) proxies to attend the same meeting, the member shall specify the proportion of his shareholding to be represented by each proxy, failing which the appointment shall be invalid.

2. Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act, 1991, it shall be entitled to appoint not more than two (2) proxies in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.

   Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.

   Where an authorised nominee or an exempt authorised nominee appoints more than one proxy, the proportion of shareholdings to be represented by each proxy must be specified in the instrument appointing the proxies.

3. The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, either under the corporation's common seal or under the hand of an officer or attorney duly authorised. The instrument appointing a proxy shall be deemed to confer authority to demand or join in demanding a poll.

4. The instrument appointing a proxy shall be deposited with the Share Registrar of the Company, Symphony Share Registrars Sdn Bhd, Level 6, Symphony House, Block D13, Pusat Dagangan Dana 1, Jalan PJU 1A/46, 47301 Petaling Jaya, Selangor Darul Ehsan, Malaysia not less than 48 hours before the time appointed for holding the meeting or any adjournment thereof.

5. Depositors whose names appear in the Record of Depositors on a date not less than three (3) market days before the Annual General Meeting shall be entitled to attend and vote at the Annual General Meeting or appoint a proxy to attend, speak and vote on his behalf.

Explanatory Note A

This Agenda item is meant for discussion only. Under the provisions of Section 169(1) of the Companies Act, 1965, the audited financial statements do not require formal approval of shareholders and hence, the matter will not be put forward for voting.

Explanatory Note on Special Business
- Proposed retention of Independent Non-Executive Directors

In line with the Malaysian Code on Corporate Governance 2012, the Nomination Committee has assessed the independence of Mr Thor Poh Seng and Mr Ou Wee Sun, who have each served as Independent Non-Executive Directors of the Company for more than nine years, and upon its recommendation, the Board of Directors has recommended for the said persons to continue to act as Independent Non-Executive Directors based on the following justifications:-

a) the said persons continue to fulfill the criteria under the definition of Independent Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad;

b) their length of service on the Board of more than nine years do not in any way interfere with their exercise of objective judgment or their ability to act in the best interests of the Company and Group. In fact, having been with the Company for more than nine years, they are familiar with the Group's business operations and have devoted sufficient time and commitment to their roles and responsibilities as Independent Directors for informed and balanced decision making; and

c) they have exercised due care during their tenure as Independent Directors of the Company and have discharged their duties with reasonable skills and competence, bringing independent judgment and depth into the Board's decision making in the interest of the Company and its subsidiaries.

CHAIRMAN'S STATEMENT

On behalf of the Board of Directors, I am pleased to present the Annual Report and Audited Financial Statements of the Company and its subsidiaries ("the Group") for the financial year ended 31 March 2015.

General Overview

The IMF announced in July 2015 global growth forecast of 3.3% for 2015 as compared to 3.8% in 2014. Global growth in part continues to be pushed by the strength of the US economy which has benefited from lower oil and commodity prices. The Euro Zone continues to be weak with 2015 growth forecast of 1.5%. However, China is facing economic slowdown and this could affect resource based economies such as Malaysia.

The Malaysian economy reported higher GDP growth of 6% in 2014 as compared with 4.7% in 2013 and is forecasted in 2015 to grow between 5% to 6%. However over the past 12 months to August 2015 the Malaysian Ringgit has depreciated over 20% against the US Dollar. The weakness of the Ringgit has been due to the expectation of higher US interest rates as well as political uncertainties in Malaysia.

The printing business in Malaysia remains difficult because of falling print volumes resulting from technological advancements and changes in consumer tastes. Further, the implementation of GST and the weak Ringgit had increased the cost of imported raw materials which had weakened consumer demand.

Financial Performance

During the financial year under review, the Group registered a net loss of RM1,448 on a revenue of RM45.4 million as compared to net profit of RM0.28 million on revenue of RM48.9 million the previous financial year. The 7% reduction of revenue was due to lower sales reported across all our business segments. The lower revenue led to the net loss.

During the financial year, the Group undertook an exercise to transfer two properties between Group companies. Although these transfers resulted in gains of RM40.1 million for the vendors, there was no impact on the Group's financial position. These gains were merely intercompany and they were eliminated on consolidation of the Group accounts. These gains were also eliminated from the affected companies for the review of the financial performance of the operating segments below.

CHAIRMAN'S STATEMENT

For the business forms and data print services segment, revenue was lower by 10% and profit before tax fell to RM0.3 million from RM1.0 million the previous financial year. Sales of business forms and data print services declined due to lower demand and stiff competition. Profit before tax was affected by the lower revenue as well as increased costs of labour.

The commercial print segment reported a 9% decrease in revenue and its pre-tax loss increased to RM0.66 million from RM0.36 million the previous financial year. Lower revenue was due to competitive business environment which resulted in the lower volume of exercise books sold. The lower revenue led to the higher loss.

The flexible packaging segment reported a 2% decrease in revenue and a pre-tax loss of RM0.58 million as compared to a pre-tax profit of RM0.16 million the previous financial year. The lower revenue was due to weaker demand of wrappers from the Food and Fast Moving Consumer Goods businesses. The loss reported in the current financial year was due to the lower revenue and higher costs of raw materials.

Future Prospects

We do not expect our business to improve significantly in the next financial year due to the overall weakness of the printing marketplace. The weakness of the Ringgit will increase the Group's cost of raw materials and dampen any improvement in profitability.

The Group will continue to concentrate on flexible packaging, digital print and security document businesses in order to maintain revenue. Profitability is challenging in the face of rising costs but the Management will focus on production efficiency and wastage control to reduce manufacturing costs.

The Management will continue to maintain a high standard of production and quality control to meet the expectations of our customers.

Acknowledgements

I would like to extend my sincere appreciation to my fellow Board members, the Management and staff of the Group for their hard work and dedication to the Group.

On behalf of the Board, I would like to thank our shareholders, valued customers, suppliers, bankers and business partners for their continued support.

CORPORATE GOVERNANCE STATEMENT

The Board of Directors of Computer Forms (Malaysia) Berhad ("CFM" or "the Company") acknowledge the importance of maintaining a corporate culture that emphasizes good corporate governance throughout the Group for the establishment of a sustainable business capable of ensuring the on-going growth of the Group and the enhancement of the shareholders' value. Towards that, the Board upholds the Principles and Recommendations set out in the Malaysian Code on Corporate Governance 2012 ("the Code") and affirms its policy of adhering to the spirit of the Principles and Recommendations in managing and directing the business affairs of the Group for the achievement of leading the Group towards a stronger competitive edge.

The Board is pleased to present the following disclosure on the manner in which the Group has applied the Principles and extent of compliance with the Recommendations set out in the Code during the financial year ended 31 March 2015.

A. BOARD OF DIRECTORS

The Board

The Board has overall responsibility in charting the strategic direction of the Group, overseeing the entire Group's businesses to ensure that they are properly managed and carried out, and ultimately the enhancement of long-term shareholders' value.

Board Balance

The Board currently comprises six members with an Independent Non-Executive Chairman, a Managing Director, an Executive Director and three Independent Non-Executive Directors.

To ensure a balance of power and authority, there is a clear division of responsibility between the roles of the Chairman and the Managing Director. The Chairman guides and ensures the effectiveness of the Board policies, while the Managing Director is tasked to run the day to day management of the business as well as the implementation of the Board's policies and decisions. The Board considers its current composition with the mix of skills and expertise sufficient and optimum for the discharge of its duties and responsibilities effectively. A brief profile of each Director is presented from pages 8 to 10 of this Annual Report.

The Board acknowledges that the role of independent non-executive directors are particularly important as they contribute independent judgment towards the Group's business activities and strategies. In this respect, the four independent non-executive directors sitting on the Board which constitute more than one-third of the Board composition, are capable of ensuring a balanced and independent judgment on issues requiring the Board's deliberation and decision.

The Board acknowledges the importance of boardroom diversity, including gender, ethnicity and age. The Group practices the selection of suitable candidates as new Board members based on the candidates' competency, knowledge, skills, experience, character, time commitment and other qualities in meeting the needs of the Group. The Group has always been in support of non-discrimination on the basis of gender, age, race and religion.

Board of Directors' Meeting

The Board meets to review and discuss matters specifically reserved to itself for decision to ensure that the direction and control of the Group is firmly in its hands. Key matters tabled at Board meetings include review and adoption of the Group's quarterly and year end financial results, business plan, annual budget, assets acquisition, approval on major capital expenditure projects and consideration of significant financial matters, Group policies and delegated authority limits.

During the financial year ended 31 March 2015, two Board meetings were held with full attendance of all Directors. All proceedings, deliberations and conclusions of the Board meetings were properly recorded by the Company Secretaries present at the meetings.

A. BOARD OF DIRECTORS (CONT'D)

Board Committees

The following Board Committees have been established to assist the Board in discharging its responsibilities. These committees are delegated with specific responsibility as defined in their respective terms of reference, each committee will deliberate and examine issues within its terms of reference and report to the Board with recommendation(s).

(i) Audit Committee

Details of the Audit Committee Report are set out on pages 17 to 20 of this Annual Report.

(ii) Nomination Committee

The Nomination Committee, which was established on 30 July 2002, comprises two members, both of whom are Independent Non-Executive Directors.

The members of the Nomination Committee are:-

(1) Mr Thor Poh Seng
(2) Mr Ou Wee Sun

The Nomination Committee is tasked with the responsibility of recommending to the Board, suitable candidates for appointment as Directors and to fill the seats on Board Committees whenever necessary. It will also carry out the process of assessing the effectiveness of the Board as a whole, the Board Committees and the performance and contribution of each individual Director towards the Group, including the independent non-executive directors as well as assessment of the independence of the independent directors. All assessments and evaluations carried out were properly documented.

Decision on appointments of new Directors is made by the full Board on a collective basis after considering recommendations of the Nomination Committee.

Generally, the Nomination Committee will assist the Board to review annually its required mix of skills, experience and other qualities, including core competencies which the Non-Executive Directors should bring to the Board.

The Nomination Committee met once during the financial year with full attendance of the Committee members.

(iii) Remuneration Committee

The Remuneration Committee was established on 30 July 2002. It comprises wholly of Non-Executive Directors and the members of the Remuneration Committee are:-

(1) Mr Thor Poh Seng
(2) Mr Ou Wee Sun

The Remuneration Committee's primary responsibility is to recommend to the Board the remuneration of the Executive Directors in all its forms, drawing from outside resources where necessary. The Remuneration Committee also reviews the remuneration packages and benefits accorded to the Executive Directors as well as the Non-Executive Directors' remunerations on an annual basis. In the case of Executive Director, the component parts of remuneration are structured to link rewards to corporate and individual performance. In the case of Non-Executive Directors, the level of remuneration reflects the level of participation and responsibilities undertaken by them.

A. BOARD OF DIRECTORS (CONT'D)

Board Committees (cont'd)

(iii) Remuneration Committee (cont'd)

The Board as a whole determines the remuneration package of Non-Executive Directors including the Non-Executive Chairman. The individuals concerned will abstain from discussing their own remuneration.

The Board will continue to evaluate and determine the training needs of the Directors from time to time to enhance their skills and knowledge in order to discharge their duties effectively.

Supply of Information

All the Directors are provided with a set of board papers before board meetings consisting of the agenda and all other relevant materials. This procedure enables the Directors to have sufficient time to peruse the papers and if necessary, to obtain further information or clarification from the Management.

In addition to the board papers, the Board would also be provided with texts of any major corporate announcements to be released to BMSB and kept informed of any new legislation, rules and regulations issued by the various regulatory authorities, where relevant.

In furtherance of their duties, the Directors as a full Board or in their individual capacity have access to all information relating to Group as well as unrestricted access to the advice and services of the senior management and the Company Secretaries. The Directors may also engage independent professional services, where necessary.

B. SHAREHOLDERS

Dialogue between Companies and Investors

The Board of Directors acknowledges the need for shareholders to be informed of all material business matters affecting the Group and as such, maintains a constructive communication policy, which enables the Board and the Management to communicate effectively with the shareholders and the investing public generally.

In this respect, the Board observes timely release of quarterly financial results and corporate proposal announcements via the Bursa Link and the press (where appropriate), annual reports and circulars to shareholders to ensure that the shareholders and investing public are kept informed of the Group's performance and prospect.

CORPORATE GOVERNANCE STATEMENT

B. SHAREHOLDERS (CONT'D)

Dialogue between Companies and Investors (cont'd)

In addition, the Company has a website, www.cfm.com.my. which provides an avenue for the public at large to access all the Company's information inclusive of all announcements. The public may also forward their queries and concerns regarding the Company to the designated person(s) whose contact details are included in the Company's website.

General Meeting of Shareholders

The Annual General Meeting ("AGM") of the shareholders of the Company represents the principal forum for dialogue and interaction between the Board and the shareholders, during which the shareholders are given the opportunity to raise questions pertaining to the resolutions tabled thereat or business activities of the Group. The Board members, Chief Financial Officer and the Company's External Auditors are available to respond to shareholders' questions during each AGM. Extraordinary General Meeting ("EGM") is held as and when shareholders' approvals are required on specific matters. Notices of AGM and EGM are sent out to the shareholders within a reasonable and sufficient time frame and are published in a nationally circulated newspaper. A press conference may be held after each AGM or EGM of the Company, if necessary.

C. ACCOUNTABILITY AND AUDIT

Financial Reporting

The CFM Group aims to provide and present a clear, balanced and comprehensive assessment of its financial performance and prospect through the annual financial statements and quarterly results to the shareholders and investing public.

In this respect, the Board is assisted by the Audit Committee in reviewing and overseeing the Group's financial reporting process to ensure correctness and adequacy before tabling the financial statements and quarterly results to the Board for further review prior to announcement or presentation to the shareholders at AGM. The statement by Directors pursuant to Section 169 (15) of the Companies Act, 1965 is set out on page 28 of this Annual Report.

Internal Control

The CFM Group's Statement on Risk Management and Internal Control which provides an overview of the state of internal controls within the Group is set out on pages 21 to 22 of this Annual Report.

Relationship with Auditors

The Board, the Audit Committee and the Management maintain a formal and transparent relationship with the Group's Auditors in seeking their professional advice and opinion on accounting matters to ensure compliance with the relevant financial reporting standards. The relationship between the Audit Committee and the Auditors is set out on pages 17 to 20 of this Annual Report.

D. OTHER INFORMATION

a) Options, Warrants or Convertible Securities

The Company did not issue warrants or convertible securities during the financial year.

b) Non-Audit fees

D. OTHER INFORMATION (CONT'D)

d) Corporate Social Responsibility ("CSR")

The Group takes into account the significance of environment, social obligations and corporate governance matters in pursuing its business objectives. Throughout the year, the Group carries out its CSR activities focusing on the following areas:

i) Occupational Safety & Health Commitment

The Group is committed to ensuring minimal impact on the environment as well as to protecting the safety and health of its employees, customers and neighbours.

Over the years, the Group has developed and formulated occupational safety and health policies to ensure a safe work place environment for its employees, customers and neighbours.

The Group is also committed to implementing policies and procedures including work instructions that assist in ensuring its operations are conducted and performed in accordance and in compliance with existing laws, regulations and standard. The Group does not have diversity policy for its workforce but is committed to provide an environment where all staff, regardless of age, gender, race and religion, will have equal opportunity to perform, excel and work together in achieving organisational goals.

ii) Environmental Practice

Paper is the Group's main raw material and wherever possible the Group try to source from reputable paper mills that practice sustainable forest management. Apart from selecting environmentally responsible vendors, efforts are being made to educate some of the Group's customers to utilise recycled paper.

The Group is committed to ensuring that all its waste materials are ultimately disposed of in an environmentally friendly way. The Group engages a contractor to collect its waste papers for disposing at a paper recycling plant. Ink and chemical waste are collected and disposed by Quality Alam, the approved government agency responsible for toxic waste disposal.

E. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors are required by the Companies Act, 1965 (the "Act"), to ensure that financial statements of the Company and the Group for each financial year are drawn up in accordance with the applicable approved accounting standards of Malaysia and the provision of the Act so as to give a true and fair view of the Company and the Group's affairs, results and cashflow position for the financial year.

The Directors consider that in preparing the financial statements for the year ended 31 March 2015, the CFM Group had used appropriate accounting policies, consistently applied and supported by reasonable and prudent judgments and estimates, and that all applicable accounting standards have been followed.

The Directors are also responsible for ensuring that the CFM Group keeps adequate accounting records, which disclose with reasonable accuracy the financial position of the CFM Group at any point of time. In addition, the Directors have taken steps to safeguard the assets of the CFM Group to prevent and detect fraud and other irregularities.

- Management Information System.

ix) Noted the reply from the External Auditors to the queries raised by the Malaysian Institute of Certified Public Accountants (MICPA) in respect of the Company's financial statements for the financial year ended 31 March 2013.

INTERNAL AUDIT FUNCTION

The Board recognises that effective internal control is essential to ensure that every aspect of the Group's operations and management are conducted with clear lines of control and accountability with the ultimate objective of safeguarding shareholders' investment and the Group's assets. It had in March 2002 outsourced its internal audit function to an independent firm of consultants.

The total cost incurred for the Group's internal audit function in respect of the financial year ended 31 March 2015 was RM60,000. Activities of the internal audit function are detailed in the Statement on Risk Management and Internal Control on pages 21 to 22 of this Annual Report.

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

The Board of Directors ("Board") is committed to continuously improving the Group's risk management and internal control system and is pleased to present the following Statement on Risk Management and Internal Control for the financial year ended 31 March 2015. This Statement is made in compliance of Paragraph 15.26 (b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and the Statement on Risk Management & Internal Control: Guidelines for Directors of Public Listed Issuers, 2012.

1. Board's Responsibility

The Board recognises its overall responsibility for the adequacy and effectiveness of the Group's risk management framework and system of internal controls to safeguard shareholders' investment and the Group's assets. The Board is equally aware that the risk management framework and internal control system are intended to manage the Group's risks within an acceptable risk appetite, rather than eliminate all risks of failure to achieve the business objectives of the Group. In this regard, the risk management framework and internal control system can only provide reasonable assurance, and not absolute assurance against material misstatement of financial information and records or against financial losses or fraud.

2. Risk Management Framework

The Group adopts an enterprise wide risk management approach and all the active businesses of the companies within the Group are considered and categorized in accordance with their main functional activities. This process has been in place for the financial year under review and up to the date of approval of the annual report and financial statements.

The main features of the risk management process are as follows:

- Establish the context of risk in relation to the Group's risk appetite;
- Risk identification includes consideration of both internal and external environmental factors;
- Assess the potential impact and likelihood of the risks identified and hence their risk levels;
- Assess the adequacy and effectiveness of existing controls for risk treatment; and
- Ongoing monitor and review risk mitigating measures, risk levels and emerging risks.

All the risks identified and mitigating measures are documented into a "Business Risk Profile". The Business Risk Profile of the Group is updated on an ongoing basis and approved by the Board.

The Business Risk Profile serves as a tool for the heads of department/business unit for managing key risks applicable to their areas of business. All key risks and issues are regularly reviewed and resolved by the Management team at regular meeting. Through these mechanisms, key risks identified in the Business Risk Profile are assessed in a timely manner and control procedures are re-evaluated accordingly in order to ensure that the key risks are mitigated to an acceptable level.

The Internal Audit Function reviews the effectiveness and adequacy of control procedures adopted by the Company on a regular basis in mitigating the key risks identified in the Business Risk Profile. Any weaknesses noted during the audit review are reported to the Audit Committee. Through these mechanisms, the Audit Committee can be assured that the key risks of the Company are regularly reviewed and appropriately managed to an acceptable level.

3. System of Internal Controls

The key elements of the Group's system of internal controls that the Board has established in reviewing the adequacy and effectiveness of the risk management and internal control system are as follows:

- Management has clear responsibility for identifying and evaluating the risks facing their business and implementing procedures to mitigate and monitor such risks. In addition, issues are identified, discussed and resolved regularly within the Group;

3. System of Internal Controls (cont'd)

- Clearly defined delegation of responsibilities to the Management of the Group's companies, including authorization levels for all aspects of the business and operations;
- Regular review of reports from the Management covering various aspects of business, key operating statistics / indicators, environmental, legal and regulatory matters;
- There is a detailed and comprehensive budgeting process for monitoring monthly performance against the budget. The budget is submitted to the Executive Director for review and approval by the Board. Key variances from the budget are reported monthly and followed up by the Management;
- Investment proposals are subject to formal review and authorization by the Executive Director and the Board for considerations and approval. Monthly management reports are submitted by major associates and subsidiaries to the Management to monitor financial and operational performance;
- Quarterly risk-based internal audits carried out by internal audit consultants focusing on key risk areas;
- The Audit Committee also reviews on a quarterly basis the audit reports on internal control and risk issues identified by the internal audit consultants, external auditors, regulatory bodies and senior management, and evaluate the effectiveness of the Group's risk management and internal control systems;
- The Group's subsidiary - CFM Toppan Forms (M) Sdn Bhd is accredited with ISO 9001:2008 international quality standard. This ISO system provides the Group with improved control of key processes and a foundation for further improvement of quality and customer satisfaction; and
- Promotion of a strong internal control culture through the Group's values and ethics.

Through the establishment of sound internal control, which includes monitoring and reporting systems, the Board reports that the existing system of internal controls is satisfactory. No material losses have occurred during the financial year under review as a result of weaknesses in internal control. The Board together with the Management continues to take measures to strengthen the control environment.

4. Assurance from Management

In accordance with the Statement on Risk Management & Internal Control – Guidelines for Directors of Listed issuers, the Board has received assurance from the Executive Directors that to the best of their knowledge the risk management and internal control system of the Group are operating adequately and effectively, in all material respects, based on the risk management and internal control described above.

5. Review of the Statement by External Auditors

As required by Paragraph 15.23 of the Bursa Malaysia Securities Berhad Main Market Listing Requirements, the External Auditors have reviewed this Statement on Risk Management & Internal Control. The External Auditors have reported to the Board that nothing has come to their attention that causes them to believe that this Statement is inconsistent with their understanding of the process the Board has adopted in the review of the adequacy and integrity of internal control system and risk management of the Group.

Since the end of the previous financial year, no director has received or become entitled to receive a benefit (other than benefits disclosed as directors' remuneration in the financial statements) by reason of a contract made by the Company or a related corporation with the director or with a firm of which he is a member, or with a company in which he has a substantial financial interest.

Neither at the end of the financial year, nor at anytime during the financial year, did there subsist any arrangements to which the Company is a party, being arrangements with the object or objects of enabling directors to acquire benefits by means of the acquisition of shares in the Company or shares in, or debentures of any other body corporate.

STATUTORY INFORMATION ON THE FINANCIAL STATEMENTS

(a) Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to:

(i) ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and

(ii) ensure that any current assets, other than debts, which were unlikely to realise in the ordinary course of business their values as shown in the accounting records of the Group and of the Company have been written down to amounts which they might be expected so to realise.

(b) At the date of this report, the directors are not aware of any circumstances:

(i) which would render the amount written off for bad debts or the amount of the allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; or

(ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; or

(iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

(c) As at the date of this report:

(i) there are no charges on the assets of the Group and of the Company which have arisen since the end of the financial year to secure the liability of any other person; and

(ii) there are no contingent liabilities in the Group or in the Company which have arisen since the end of the financial year.

(d) At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in the report or financial statements which would render any amount stated in the financial statements misleading.

(e) No contingent or other liability has become enforceable, or is likely to become enforceable, within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group or of the Company to meet their obligations as and when they fall due.

(f) In the opinion of the directors:

(i) the results of the operations of the Group and of the Company during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature.

INDEPENDENT AUDITORS' REPORT

to the Members of Computer Forms (Malaysia) Berhad (4423-H) (Incorporated in Malaysia)

Report on the Financial Statements

We have audited the financial statements of Computer Forms (Malaysia) Berhad, which comprise statements of financial position as at 31 March 2015 of the Group and of the Company, and statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 31 to 73.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The directors are also responsible for such internal control as the directors determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we have considered internal controls relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as of 31 March 2015 and of their financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

Reporting on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.

b) We have considered the financial statements and the auditors' report of the subsidiary of which we have not acted as auditors, which is indicated in note 11 to the financial statements.

INDEPENDENT AUDITORS' REPORT

to the Members of Computer Forms (Malaysia) Berhad (4423-H) (Incorporated in Malaysia)

Reporting on Other Legal and Regulatory Requirements (cont'd)

c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.

d) The audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

Other Reporting Responsibilities

The supplementary information set out in Note 28 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2015

1. BASIS OF PREPARATION

Computer Forms (Malaysia) Berhad is a public listed company incorporated and domiciled in Malaysia and quoted on the Main Market of Bursa Malaysia Securities Berhad.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 13 July 2015.

(a) Statement of compliance

The financial statements comply with the Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

The accounting policies adopted are consistent with those of previous financial year except as follows:

On 1 April 2014, the Group and the Company adopted the Amendments to published standards mandatory for annual financial periods beginning on or after 1 April 2014:

Amendments

Amendments to MFRS 132 – Offsetting Financial Assets and Financial Liabilities

Amendments to MFRS 136 – Recoverable Amount Disclosures For Non-Financial Assets

The adoption of the above Amendments do not have any material effect on the financial statements of the Group and the Company.

The following new MFRSs and Amendments to published standards have been issued and are relevant but are not yet effective to the Group and the Company:

Standards/Amendments		Effective date
Annual Improvements to MFRSs 2010 – 2012 Cycle as follows:		1 July 2014
• Amendments to MFRS 3	Business Combinations	
• Amendments to MFRS 8	Operating Segments	
• Amendments to MFRS 116	Property, Plant and Equipment	
• Amendments to MFRS 124	Related Party Disclosures	
• Amendments to MFRS 138	Intangible Assets	
Annual Improvements to MFRSs 2011 – 2013 Cycle as follow:		1 July 2014
• Amendments to MFRS 3	Business Combinations	
• Amendments to MFRS 13	Fair Value Measurement	
Annual Improvements to MFRSs 2012 – 2014 Cycle as follows:		1 January 2016
• Amendments to MFRS 7	Financial Instruments : Disclosures	
• Amendments to MFRS 119	Employee Benefits	
• Amendments to MFRS 134	Interim Financial Reporting	

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2015

1. BASIS OF PREPARATION (CONT'D)

(a) Statement of compliance (cont'd)

Standards/Amendments	Effective date
Amendments to MFRS 101 – Disclosure Initiative	1 January 2016
Amendments to MFRS 116 and MFRS 138 – Clarification of Acceptable methods of Depreciation and Amortisation	1 January 2016
Amendments to MFRS 127 – Equity Method in Separate Financial Statements	1 January 2016
MFRS 15 – Revenue from Contracts with Customers	1 January 2017
MFRS 9 – Financial Instruments (IFRS 9 as issued by IASB in July 2014) and mandatory effective date of MFRS 9 and transition disclosures	1 January 2018

The initial adoption of the new MFRSs and Amendments do not have any material effect on the financial statements except for MFRS 9.

The directors are currently assessing the potential impact of the adoption of this MFRS and anticipate that it may affect the classification and measurement of the Group's and Company's financial assets and financial liabilities. However it is not practicable at the end of the current reporting period to disclose a reasonable estimate of the effect until a detailed review has been completed.

(b) Functional and presentation currency

The financial statements are presented in Ringgit Malaysia which is the Group's and the Company's presentation currency.

The Company's functional currency is also in Ringgit Malaysia.

(c) Basis of Measurement

The financial statements are prepared under the historical cost convention unless otherwise indicated in the accounting policies.

(d) Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses, and the disclosure of contingent liabilities at the reporting date. However uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the assets or liabilities affected in the future.

Key sources of estimation uncertainty

The key assumptions concerning the future and other major sources of estimation uncertainty at the end of the reporting period that have significant risk of resulting in material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(i) Impairment of goodwill

Goodwill is tested for impairment annually and at other time when such indicators exist. This requires an estimation of the value in use of the cash-generating units to which goodwill is allocated. Further details are disclosed in note 12.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2015

1. BASIS OF PREPARATION (CONT'D)

(d) Use of estimates and judgments (cont'd)

Key sources of estimation uncertainty (cont'd)

(ii) Impairment of receivables

At each reporting date, on a quarterly basis, the Group and the Company assess whether there is any objective evidence that a financial asset is impaired. The Group and the Company review trade receivables' aging reports, report history and other available evidence of possible default by trade receivables. Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. Further details are disclosed in note 14.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of consolidation

(i) Business combinations

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

Acquisitions on or after 1 April 2011

For acquisitions on or after 1 April 2011, the Group measures the cost of goodwill at the acquisition date as:
- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

(ii) Acquisitions of non-controlling interests

The Group treats all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(a) Basis of consolidation (cont'd)

(iii) Loss of control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity accounted investee or as an available-for-sale financial asset depending on the influence retained.

(iv) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements except when an unrealised loss may indicate an impairment loss that requires recognition in the consolidated financial statements.

(v) Non-controlling interest

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to the equity holders of the Company, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the consolidated statement of profit or loss and other comprehensive income as an allocation of the profit or loss and the comprehensive income for the year between non-controlling interests and owners of the Company.

(b) Subsidiary companies

Subsidiaries are entities, including unincorporated entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. Control exists when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. In assessing control, potential voting rights are considered when such rights are substantive. The Group considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiaries are measured in the Company's separate statement of financial position at cost less any impairment losses.

(c) Goodwill

Goodwill is initially measured at cost. Following the initial recognition, goodwill is measured at cost less accumulated impairment losses, if any. Goodwill is allocated to cash generating units and is tested for impairment annually or more frequently if event or changes in circumstances indicate that the carrying value might be impaired. Where the recoverable amount of the cash-generating units is less than the carrying amount, an impairment is recognised in the profit or loss. Impairment losses for goodwill are not reversed in subsequent periods.

Gains or losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2015

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(d) Earning per share ("EPS")

Basis EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares in issue during the year.

Diluted EPS is calculated by dividing the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares in issue during the financial year plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

(e) Property, plant and equipment

All items of property, plant and equipment are initially recorded at costs.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

Subsequent costs are included in the assets' carrying amounts or recognised as separate assets, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Group and Company and the costs of the items can be measured reliably. The carrying amount of the replaced part is derecognised to profit or loss. All other repairs and maintenance are recognised in the profit or loss as incurred.

Subsequent to recognition, property, plant and equipments are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Leasehold lands and buildings are amortised over the lease periods ranging from 12 to 86 years. Depreciation is provided for on a straight-line basis to write off the cost of each asset to its residual value over its estimated useful life, at the following annual rates:

	%
Plant and machinery	5 – 20
Furniture, fittings, equipment and renovation	5 – 33.33
Motor vehicles	20

The residual values, useful lives and depreciation methods are reviewed at the end of each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any and the net carrying amount is recognised to profit or loss.

Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount.

(f) Inventories

Inventories are valued at the lower of costs and net realisable values.

Cost of raw materials and consumables comprises the original cost of purchase and the costs of bringing the inventories to their present locations and conditions. The costs of work-in-progress and finished goods comprise cost of raw materials, direct labour, other direct costs and appropriate proportion of manufacturing overheads based on normal operating capacity. Cost is determined on the "first in, first out" basis.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(g) Foreign currencies

Translation of Foreign Currency Transactions

For each entity in the Group, transactions denominated in foreign currencies are translated and recorded at the rates of exchange prevailing at the respective dates of transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the period. Non-monetary items carried at fair values or at revalued amounts that are denominated in foreign currencies are retranslated at the rates prevailing at the dates the fair values were determined. Non-monetary items that are measured at their historical cost amounts continue to be translated at their historical rates and are not retranslated.

All exchange differences arising on settled transactions and on unsettled monetary items are recognised in profit or loss in the period.

(h) Taxes

Tax charged on the profit or loss for the year comprises current and deferred taxes. Current year tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the reporting date.

Deferred tax liabilities and assets are provided for under the liability method in respect of temporary differences between the carrying amount of an asset or liability in the statement of financial position and its tax base including unused tax losses and capital allowances. Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax laws that have been enacted or substantively enacted at the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised. The carrying amount of a deferred tax asset is reviewed at each reporting date. If it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of that deferred tax asset to be utilised, the carrying amount of the deferred tax asset will be reduced accordingly. When it becomes probable that sufficient taxable profit will be available, such reductions will be reversed to the extent of the taxable profit.

(i) Revenue recognition

Revenue is recognised when it is probable that future economic benefits will flow to the entity and the revenue can be measured reliably.

Revenue is measured at the fair value of the consideration received or receivable.

Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have been transferred to the buyers.

Interest income is recognised using the effective interest method.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease.

Dividend income is recognised when the right to receive payment has been established.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2015

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(j) Impairment of assets

The carrying amounts of the Group's and Company's assets other than inventories, deferred tax assets and financial assets (except those measured at fair value through profit or loss and investments in subsidiaries), are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated and an impairment loss is recognised whenever the recoverable amount is less than the carrying amount of the asset. The impairment loss is recognised in the profit or loss immediately. All reversals of an impairment loss are recognised as income immediately in the profit or loss.

(k) Employee benefits

(i) Short term employee benefits

Wages, salaries, bonuses and social security contributions are recognised as expenses in the year in which the associated services are rendered by employees of the Group and the Company.

(ii) Defined contribution plans

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF").

(l) Share capital

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all its liabilities. Ordinary shares are equity instruments.

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs.

(m) Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in note 27, including the factors used to identify the reportable segments and the measurement basis of segment information.

(n) Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short term, highly liquid investments that are readily convertible to cash with insignificant risk of changes in value.

(o) Leases

(i) Classifications

A lease is recognised as a finance lease if it transfers substantially to the Group all the risks and rewards incidental to ownership. All leases that do not transfer substantially all the risks and rewards are classified as operating leases.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(o) Leases (cont'd)

(ii) Operating leases – the Group and the Company as lessee

Operating lease payments are recognised as an expense on a straight-line basis over the term of the relevant lease. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

(iii) Operating leases – the Group as lessor

Assets leased out under operating leases are presented on the statement of financial position according to the nature of the assets. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

(p) Dividends

Dividends on ordinary shares are recognised as liabilities when the obligation to pay is established.

The distribution of non-cash assets to owners is recognised as dividend payable when the dividend has been appropriately authorised. The dividend payable is measured at the fair value of the shares to be distributed. At the end of the reporting date and on the settlement date, the Group and the Company review the carrying amount of the dividend payable, with any changes in the fair value of the dividend payable recognised in equity. When the Group and the Company settle the dividend payable, the difference between the carrying amount of the dividend distributed and the carrying amount of the dividend payable is recognised as a separate line item in profit or loss.

(q) Hire purchase payables

Property, plant and equipment held under hire purchase are treated as if they had been purchased at cost at the commencement of the hire purchase agreement. This cost is included under property, plant and equipment and depreciation is provided accordingly. The corresponding obligations under hire purchase are included under liabilities. The finance charge element of installments payable is charged to the profit or loss using the sum of digits methods.

(r) Financial assets

The Group and the Company shall recognise a financial asset on their statements of financial position when the entities become parties to the contractual provisions of the instruments.

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or have been transferred and the Group and the Company have transferred substantially all their risks and rewards of ownerships of the financial assets.

Financial assets are initially recognised at fair value plus transactions costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transactions costs are expensed in the profit or loss.

At the time of initial recognition, financial assets are classified into the following specified categories: 'fair value through profit or loss, held-to-maturity investments, available-for-sale and loans and receivables'. The classification depends on the purpose of the financial asset.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2015

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(r) Financial assets (cont'd)

(i) Financial assets at fair value through profit or loss ("FVTPL")

Financial assets are classified as at FVTPL when the financial asset is either held for trading or it is designated as at FVTPL.

A financial asset is classified as held for trading if:

- It has been acquired principally for the purpose of selling it in the near term;
- Part of a portfolio of identified financial instruments that are managed together and there are recent actual pattern of short-term profit-taking;
- It is a derivative (except for financial guarantee contract or a designated and effective hedging instrument).

(ii) Held-to-maturity investments

Non-derivative financial assets with fixed or determinable payments and fixed maturity dates and that the Group has positive intention and ability to hold to maturity.

(iii) Loans and receivables

Loans and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

(iv) Available- for- sale financial assets ("AFS")

AFS are non- derivative financial assets that are designated as available- for-sale or are not classified as loans and receivables, held-to-maturity investments or FVTPL.

Investments in unquoted equity instruments whose fair value cannot be reliably measured are measured at cost less impairment loss.

FVTPL and AFS are subsequently carried at fair value. Held-to-maturity investments and loans and receivables are subsequently carried at amortised cost using the effective interest method.

Gains or losses arising from changes in fair value from FVTPL are recognised in profit or loss.

Gains or losses arising from changes in fair value from AFS are recognised directly in equity.

Gains or losses from financial assets carried at amortised costs are recognised through profit or loss.

The Group and the Company assess at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets are impaired.

For financial assets carried at amortised cost, the amount of the impairment loss recognised is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate. The carrying amount of the asset shall be reduced directly through use of an allowance account. The amount of the loss is recognised in profit or loss. If there is reversal of previously recognised impairment loss, it is reversed either directly or by adjusting an allowance account. The reversal shall not result in the carrying amount of the financial assets exceeding what the amortised cost would have been had the impairment not been recognised at the date the impairment loss is reversed. The amount of reversal is recognised in profit or loss.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(r) Financial assets (cont'd)

In the case of equity investments classified as available-for-sale, objective evidence would include a significant or prolonged decline in the fair value of the investment below its cost. 'Significant' is evaluated against the original cost of the investment and 'prolonged' against the period in which the fair value has been below its original cost. Where there is evidence of impairment, the cumulative loss – measured as the difference between the acquisition cost and current fair value, less any impairment loss on that investment previously recognised in the income statement – is removed from other comprehensive income and recognised in the income statement. Impairment losses on equity investments are not reversed through the income statement; increase in their fair value after impairments are recognised directly in other comprehensive income.

For unquoted equity instruments carried at cost, if there is objective evidence (such as significant adverse changes in the business environment where the issuer operates, probability of insolvency or significant financial difficulties of the issuer) that an impairment loss on financial assets carried at cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses are not reversed in subsequent periods.

(s) Financial liabilities

The Group and the Company shall recognise a financial liability on their statements of financial position when the entities become parties to the contractual provisions of the instruments.

Financial liabilities are derecognised when it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expired.

(i) Financial liabilities at fair value through profit or loss ("FVTPL")

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- It has been acquired principally for the purpose of selling it in the near term;

- Part of a portfolio of identified financial instruments that are managed together and there are recent actual pattern of short-term profit-taking;

- It is a derivative (except for financial guarantee contract or a designated and effective hedging instrument).

(ii) Other financial liabilities

Other financial liabilities are financial liabilities that are not classified as financial liabilities at FVTPL.

Other financial liabilities are initially recognised at fair value plus transactions costs. Financial liabilities carried at fair value through profit or loss are initially recognised at fair value and transactions costs are expensed in the profit or loss.

Other financial liabilities are subsequently carried at amortised cost using the effective interest method. Financial liabilities at FVTPL are measured at fair value except for derivatives liability that are linked to and must be settled by delivery of such unquoted equity instruments whose fair value cannot be reliably measured are measured at cost.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 March 2015

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(s) Financial liabilities (cont'd)

Gains or losses arising from changes in fair value from financial liabilities classified at FVTPL are recognised in profit or loss.

Gains or losses from other financial liabilities carried at amortised costs are recognised through profit or loss.

(t) Derivative financial instruments

Derivatives are initially recognised at fair value on the date the derivative contracts are entered into and are subsequently re-measured at their fair value at the end of each reporting period. The method of recognising gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

An embedded derivative shall be separated from the host contract and accounted for as a separate derivative if:

(i) the risks and characteristics of the embedded derivative are not closely related to the economic characteristics and risks of the host contracts;

(ii) a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and

(iii) the hybrid instrument is not measured at fair value with changes in fair value recognised in profit or loss.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES

The Group's operating, investing and financing activities expose the Group to foreign exchange risk, interest rate risk, credit risk, and liquidity risk. The Group's overall risk management programme is to focus on minimising the potential adverse effects on the Group's financial performance.

The Company's operating, investing and financing activities expose the Company to interest rate risk, credit risk, and liquidity risk. The Company's overall risk management programme is to focus on minimising the potential adverse effects on the Company's financial performance.

(a) Market risk

(i) Foreign currency risk management

The Group is exposed to foreign exchange risk primarily arising from US Dollar (USD).

During the year, there is no formal hedging policy with respect to foreign exchange risk exposure. The Group monitors its foreign exchange risk exposure on an on-going basis and endeavour to keep the net exposure at an acceptable level.

As at the reporting date, the Group's result is not materially affected by the movement in the exchange rates of foreign currencies.

(ii) Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises primarily from their borrowings with licensed banks.

3. FINANCIAL RISK MANAGEMENT OBJECTIVES (CONT'D)

(a) Market risk (cont'd)

(ii) Interest rate risk management (cont'd)

The Group's and the Company's interest rate risk management objective is to manage the interest expenses consistent with maintaining an acceptance level of exposure to interest rate fluctuations.

As at the reporting date, the Group's and Company's results are not materially affected by the movement in interest rate for borrowings and deposits.

(b) Credit risk management

Credit risk arises from cash and cash equivalents, deposits with banks and financial institutions, as well as credit exposures to customers, including outstanding receivables and committed transactions.

For banks and financial institutions, only major banks are accepted. For customer, credit control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual credit limits are set and approved by authorised personnel and credit limits are regularly monitored.

At the reporting date, the Group have no significant concentration of credit risk for current and prior year.

At the reporting date, approximately 83% of the Company's receivables were due from a subsidiary company (2014: The Company has no significant concentration of credit risk).

(c) Liquidity risk management

The Group and the Company adopt a prudent liquidity risk management to manage their exposure to liquidity risk. i.e. a balance between continuity of funding and flexibility through the use of available credit facilities granted by various banks.

Liquidity risk is the risk that the Group and the Company will not be able to meet their financial obligations as they fall due. The Group's and the Company's exposure to liquidity risk arises principally from their various payables, loans and borrowings.

The Group and the Company monitor and maintain a level of cash and cash equivalents and bank facilities deemed adequate by the management to ensure, as far as possible, that they will have sufficient liquidity to meet their liabilities when they fall due.

The table below analyses the Group's and the Company's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date.

4. CAPITAL RISK MANAGEMENT

The Group and the Company manage their capital to ensure that the Group and the Company will be able to continue as going concerns in order to provide return to shareholders and to maintain optimal capital structure to reduce the cost of capital.

In order to maintain capital structure, the Group and the Company may adjust the amount of dividend paid or issue new shares.

Ordinary share capital and retained earnings are considered as Capital of the Group and the Company.

The Group and the Company are not subject to any externally imposed capital requirements.

	GROUP 2015 RM	GROUP 2014 RM
At 1 April and 31 March	1,309,392	1,309,392

Impairment testing for goodwill on consolidation

For the purpose of impairment testing, goodwill is allocated to the Group's operating division which represent the lowest level within the Group at which the goodwill is monitored for internal management purposes.

The aggregate carrying amount of goodwill is allocated to the manufacturing units in CFM Printing & Stationery Sdn. Bhd. and Contipak Noron Sdn. Bhd.

The recoverable amount for the above is determined based on value in use calculated by discounting the future cash flows expected to be generated from the continuing use of those units and is based on the following key assumptions:

i) Cash flows are projected based on a five years business plan approved by the Board of Directors.

ii) Revenue is projected at annual growth of 2% to 5%. (2014: 2% to 5%)

iii) Expenses are projected at annual increase of 1% to 10% (2014: 1% to 6%).

iv) A pre-tax discount rate of 9% (2014: 6.6%) which is the existing rate of borrowings of the Group.

The values assigned to the key assumptions represent management's assessment of future trends in the industry. A reasonably possible change in a key assumption would not have any significant difference to the recoverable amount.

27. SEGMENT REPORTING

(a) Business Segments:

The Group comprises the following main business segments:

(i) Business forms and data print services;
(ii) Commercial printing;
(iii) Flexible packaging; and
(iv) Business of property management.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which, in certain respects as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Notes:

1. A member entitled to attend and vote at the Annual General Meeting is entitled to appoint one or more proxies **(but not more than two)** to attend and vote instead of him. A proxy may but need not be a member of the Company and the provisions of Section 149(1)(b) of the Companies Act, 1965 shall not apply to the Company. Where a member appoints two (2) proxies to attend the same meeting, the member shall specify the proportion of his shareholding to be represented by each proxy, failing which the appointment shall be invalid.

2. Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act, 1991, it shall be entitled to appoint not more than two (2) proxies in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.

   Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.

   Where an authorised nominee or an exempt authorised nominee appoints more than one proxy, the proportion of shareholdings to be represented by each proxy must be specified in the instrument appointing the proxies.

3. The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, either under the corporation's common seal or under the hand of an officer or attorney duly authorised. The instrument appointing a proxy shall be deemed to confer authority to demand or join in demanding a poll.

4. The instrument appointing a proxy shall be deposited with the Share Registrar of the Company, Symphony Share Registrars Sdn Bhd, Level 6, Symphony House, Block D13, Pusat Dagangan Dana 1, Jalan PJU 1A/46, 47301 Petaling Jaya, Selangor, Malaysia not less than 48 hours before the time appointed for holding the meeting or any adjournment thereof.

5. Depositors whose names appear in the Record of Depositors on a date not less than three (3) market days before the Annual General Meeting shall be entitled to attend and vote at the Annual General Meeting or appoint a proxy to attend, speak and vote on his behalf.
